Prologue, Rule of Benedict

How does an Oblate live?

Oblates - of St. Benedict are Christian men and women affiliated with a Benedictine monastery sharing in the spiritual life, prayers, and good works of the community.

Oblates - do not live in the monastic house, but are associated with monastic communities in a bond of prayer, love, and commitment.

Oblates - strive to lead full Christian lives by understanding Christ's teaching in the Scriptures as interpreted by St. Benedict in his Rule.

Oblates - seek to incorporate Benedictine values into their everyday life, extending the spirit of the monastic community into other areas of the local community.
